2. Nothing herein contained shall be construed as limiting the right of any employee having a grievance to discuss the matter informally with the immediate supervisor of the administrator.

C. PROCEDURE

In addition, administrators will be furnished the same legal representation as that representation provided to members of the Board.

ARTICLE VII

PROFESSIONAL IMPROVEMENT

- A. The Board recognizes that a program of quality education depends upon staff members who accept responsibility and are primarily interested in a program of self-improvement and advancement. To encourage and promote the growth and training of professional personnel, the Board will reimburse professional staff members for 75% tuition expense and 100% registration fees. Courses must be approved by the Superintendent in accordance with the following criteria:
1. Each course must be within the scope of the staff member's professional certificate or must be in the area of general professional development which is deemed by the superintendent to be valuable in improving professional performance of the staff member.
 2. No reimbursement will be given for courses taken to fulfill the requirements for provisional and emergency certificates or for advanced degrees in fields other than that which a staff member is now working unless such courses are specifically recommended by the superintendent for the good of the school system.
 3. All requests by administrators for approval of courses must be channeled through the building principal to the superintendent as follows:
 - (a) requests for Fall Semester courses, not later than October 18th
 - (b) requests for Spring Semester courses, not later than February 18th
 - (c) requests for Summer Semester courses, not later than July 18th
 4. Requests for reimbursement received after the above mentioned date will not be considered.

B. Administrators must have the Superintendent's approval prior to attending workshops and conventions. Reimbursement for expenses will be made only if prior Superintendent's approval for attendance was recommended to the Board.

ARTICLE IX

VACATIONS

Administrators employed on a twelve month basis will receive twenty (20) working days as vacation in each school year except first year administrators who shall complete one full school year before accrual of vacation. The Board agrees that should a twelve (12) month professional employee be unable, due to professional responsibilities arising out of school district employment, to take all of his vacation during the summer months, then any unused vacation can be taken at a time during the regular school year, subject to the approval of the Superintendent.
